PROFESSIONAL EXPERIENCE

Strategic Account Director, Healthcare & Life Sciences | Microsoft | Feb 2017 - Present

Executive owner of Microsoft's relationship with a top-five global pharmaceutical company in the US.
Recognition: Two-time Platinum Club, three-time Gold Club · 100%+ quota attainment in 9 fiscal years

- Grew annual revenue **5x since 2017 (~20% CAGR)** and signed multi-year cloud and AI deals exceeding **$500M TCV**, leading strategy, pricing and negotiations.
- Set cloud and AI strategy and business-linked EBRs with the CIO, CDO and CFO, with CEO-level engagement.
- Took Microsoft 365 Copilot to ~55,000 net-new seats in a ~75,000-seat estate and AI agents from pilots to governed GxP production.
- Led a **30+ person matrixed team** across sales, engineering, customer success, support and services; accountable for revenue, consumption and forecasts.

Senior Account Executive, Enterprise Accounts | Microsoft | Apr 2011 - Jan 2017

- Delivered **$20M+ annual revenue** across pharmaceutical, manufacturing, transportation and retail; owned executive relationships, strategy and commercial execution.
- Closed multi-year EA/cloud expansions, exceeded 100% quota, and directed teams on adoption and account growth.

Account Technology Strategist, Enterprise Accounts | Microsoft | Jul 2008 - Mar 2011

- Advised CIOs across multinational retail and transportation; built roadmaps for infrastructure, virtualization, collaboration and early cloud.
- Drove adoption for EA renewals and expansion, aligning architecture with business priorities and investment decisions.

Partner Technology Strategist | Microsoft | Oct 2006 - Jul 2008

- Increased partner-influenced revenue by **150%** through joint go-to-market strategies with systems integrators and ISV partners.
- Built CTO/CIO relationships; enabled partner teams to speed solution readiness and customer deployments.

IT Solutions Architect | Systematica Group | Jul 2005 - Oct 2006

- Led pre-sales architecture and technical strategy, translating business requirements into infrastructure, networking and application solutions.

IT Operations Manager / Team Lead | Allied Testing | Apr 2002 - Jul 2005

- Led **8 systems engineers**; automation raised IT operations efficiency **25%** across physical and virtual environments.
- Built an accountable team and tied daily operations to business priorities.
