EXECUTIVE SUMMARY

Strategic account leader with 20+ years at Microsoft across engineering, solution architecture and enterprise sales in healthcare and life sciences. Directs Microsoft's US partnership with a top-five global pharmaceutical company and leads a 30+ person virtual team across cloud, data, security, business applications and AI.

Grew annual account revenue 5x since 2017 (~20% CAGR), signed multi-year agreements exceeding $500M TCV, and took Microsoft 365 Copilot (~55,000 paid seats) and AI agents from early pilots into GxP production. Two-time Platinum Club and three-time Gold Club recipient with 100%+ quota attainment in 9 fiscal years.

CORE EXPERTISE

Enterprise Leadership: C-suite engagement, executive sponsorship, executive business reviews (EBRs/QBRs), stakeholder management, matrixed virtual-team leadership, cross-functional orchestration

Strategic Growth: strategic account management, account planning, multi-year account strategy, complex deal structuring, contract negotiation, enterprise agreements, revenue growth, forecasting, cloud consumption growth

AI & Cloud Transformation: generative AI, agentic AI, AI agents, Microsoft Copilot, Microsoft Azure, Microsoft 365, Dynamics 365, cloud architecture, data platforms, cybersecurity, AI adoption, change management, value realization

Life Sciences: pharmaceutical industry, biopharma, GxP-regulated environments, regulated AI governance, R&D, manufacturing, commercial operations

Ecosystem: global systems integrators (GSIs), ISV partners, co-sell strategy, partner go-to-market

PROFESSIONAL EXPERIENCE

Strategic Account Director, Healthcare & Life Sciences | Microsoft | Feb 2017 - Present

Executive owner of Microsoft's relationship with a top-five global pharmaceutical company in the US.

- Grew annual account revenue 5x since 2017 (~20% CAGR) across Azure, data, security, Microsoft 365 and Dynamics 365.
- Led full-cycle strategy, pricing and negotiations through closure for complex, multi-year cloud and AI deals exceeding $500M TCV.
- Partner directly with the CIO, CDO and CFO (with CEO-level engagement) to set multi-year cloud and AI strategy and run EBRs tied to R&D, manufacturing and commercial goals.
- Took Microsoft 365 Copilot (~55,000 net-new paid seats across a ~75,000-seat enterprise estate) and AI agents from pilots into governed production across GxP-regulated operations.
- Lead a 30+ person matrixed team across specialist sales, engineering, customer success, support and services with accountability for revenue, cloud consumption and forecast accuracy.

Senior Account Executive, Enterprise Accounts | Microsoft | Apr 2011 - Jan 2017

- Delivered $20M+ in average annual revenue and owned executive relationships, account strategy and commercial execution for multinational enterprises in pharmaceutical, manufacturing, transportation and retail.
- Closed multi-year EA renewals and cloud expansions for Office 365, Azure and Dynamics, and exceeded 100% quota across multiple fiscal years.
- Directed sales, technical, services and partner teams around customer priorities, platform adoption and long-term account growth.

Account Technology Strategist, Enterprise Accounts | Microsoft | Jul 2008 - Mar 2011

- Advised CIOs and enterprise IT leaders across multinational retail and transportation accounts.
- Built multi-year technology roadmaps for infrastructure modernization, virtualization, collaboration and early cloud adoption.
- Drove adoption and value-realization programs that supported EA renewals and account expansion.
- Partnered with account executives on customer strategy to connect technical architecture with business priorities and investment decisions.

Partner Technology Strategist | Microsoft | Oct 2006 - Jul 2008

- Increased partner-influenced revenue by 150% through joint go-to-market strategies with systems integrators and ISV partners.
- Built technical relationships with partner and customer CTOs and CIOs to shape joint solutions and enterprise opportunities.
- Trained and enabled partner technical teams on the Microsoft platform to speed up solution readiness and customer deployments.

IT Solutions Architect | Systematica Group | Jul 2005 - Oct 2006

- Led architecture and technical strategy for complex enterprise IT solutions in pre-sales engagements.
- Translated customer business requirements into solution architectures across infrastructure, networking and application platforms.
- Partnered with sales teams to shape technical proposals in competitive enterprise opportunities.

IT Operations Manager / Team Lead | Allied Testing | Apr 2002 - Jul 2005

- Led a team of 8 systems engineers responsible for enterprise IT operations across physical and virtual environments.
- Introduced automation and process improvements that increased operational efficiency by 25%.
- Built an accountable engineering team and tied daily IT operations to business priorities.

SELECTED PROJECTS

- **QuantumInvestor.net:** creator of an AI-augmented investment analytics platform.
- **gavrilov.ai:** creator of an open-source personal site featuring an AI assistant built on Google Gemini models.
